

Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching (PMMMNTT)

Faculty Development Programme in Data Science
For
Faculty in Universities, Colleges and Institutes of Higher Education
(23rd – 28th December 2019)

Call for Registration and Participation

**Venue: Sinhgad College of Engineering,
Department of Computer Engineering, S.No. 44/1, Vadagaon(Bk), Pune-411041**

**Jointly Organized by
Shivaji University, Kolhapur
And
Sinhgad College of Engineering,
Department of Computer Engineering**

About Shivaji University, Kolhapur

Shivaji University, established in 1962, is named after the Great Maratha Warrior and founder of the Maratha Empire Chhatrapati Shivaji. One of the major objectives behind foundation of this University was to cater to the regional needs of South Maharashtra. The jurisdiction of the University is spread over three districts viz. Kolhapur, Sangli and Satara with strength of about 3,00,000 students studying in 280 affiliated colleges and recognized institutes. The recent phase of the University can be termed as "a pursuit of academic excellence". Since last 4-5 years, several attempts are being made to overcome the image of University as a regional University. The University's efforts towards excellence are being recognized by the substantial grants received from funding agencies like UGC, DST, DBT etc. Another indicator of recognition of University is collaborations with premier institutes in the country. Shivaji University has recently signed MOU with Bhabha Atomic Research Centre, Mumbai for research in Material Science. It has also joined hands with Indian Institute of Geo-Magnetism, Mumbai and industries like Phyto-Pharma. Prestigious institutes like Maharashtra Police Academy, Nashik and Centre for Social Studies, Surat have sought affiliation with the Shivaji University. Shivaji University has been re-accredited by National Assessment and Accreditation Council (NAAC) Bangalore, with "A" Grade (CGPA-3.16) (2014). Shivaji University has bagged the 28th position in the rankings announced by the National Institutional Ranking Framework (NIRF) of Union Ministry of Human Resource Development (MHRD). As per the INFLIBNET report, Shivaji University stands second in use of Nature publications Group's (NPG) e-journal usage in the country. The University has also signed MoU with Centre for Development of Advanced Computing (C-DAC), Pune. Under the agreement, the two institutions will exchange information and communication technology.

About Sinhgad College of Engineering(SCOE), Pune

Prof. M. N. Navale has established Sinhgad Technical Education Society (STES) in the year 1993 with the aim of imparting quality education in the field of Engineering, Management, Pharmacy, Medical, Physiotherapy, Nursing, Architecture, Hotel Management and School Education. At present, Sinhgad Technical Education Society has 13 campuses having 110 institutes and celebrating 25 years of academic excellence.

STES's Sinhgad College of Engineering, Pune (SCOE) established in 1996, has become synonymous with quality engineering education. Presently SCOE offers 9 under graduate courses in E&TC, Computer, IT, Mechanical, Chemical, Civil, Biotechnology, Production engineering and MBA. The courses are approved by All India Council of Technical Education (AICTE), affiliated to Savitribai Phule Pune University. Institute is Accredited 'A' Grade by NAAC. The institute conducts 6 post graduate programs and 3 Ph. D. research centers in engineering disciplines.

The Computer Engineering Department was established in the year 1996. The department was accredited by National Board of Accreditation (NBA), New Delhi . Having started with a four year under-graduate program, B. E. (Computer Engineering), the department now proudly boasts of the Post Graduate program, M. E. Computer (Computer Networks) which was initiated in 2008.

The goal of the department is to establish state-of-the-art computing environment to develop competent computer engineers imbued with the spirit of professionalism and responsible citizenship. The department has continuously upgraded the infrastructure according to changing needs. Campus wide Centralized Internet Browsing Centre (IBC) with lease-line connectivity of 20 Mbps is managed

by the department and is accessible to all students. Libraries are enriched with heaps of books and good collection of reputed International and National Journals, magazines, e-books.

Campus-wide collaborations with industries, aided in bridging the gap between academics and industries. Industry offered projects, trainings, workshops and experts' lectures provide students, faculties with excellent exposure to world of practice. Incredible technical efforts and enthusiasm of students and due guidance of faculties drew excellent opportunities in giants like Microsoft, Google, IBM, Cognizant, Accenture, Tata Consultancy services, Persistent Systems Pvt. Ltd. and many more. Our students imprinted their success in competitive and other exams like GATE, GRE, GMAT also. To unleash students' talent, every year department organizes technical festivals like 'TECHTONIC' and a project competition 'FINEPRO'. Invitees from renowned institutes and industries are invited to judge the competence of the students. Exploring the other world of talent, our students have shown excellence in sports, cultural and social activities.

Always a step ahead, our department was the first to host 'C-PGCON', a university level conference for PG students to showcase their talent. Faculties have showcased their contribution through research projects funded by agencies like ISRO, AICTE and BCUD. Department has always shown its commitment towards achieving objectives through individual contribution.

Resource Centre in Data Sciences and Cyber Security:

National Resource Centre in Data Sciences and Cyber Security is established under the guidance RUSA Maharashtra from the grants received from the MHRD, Government of India under the 'Pandit Madan Mohan Malviya National Mission on Teachers and Teaching (PMMNMTT)' scheme. Objective of this centre is capacity building of human resource which is recognized as a critical element to strengthen not only the organization/ institutions but even the people at grassroots level by spreading awareness Data Sciences. There is a large gap between demand and availability of trained human resource in Data Sciences, who can beneficially utilize the available information for cyber safety. Data Science trained human resource is needed both as the provider and user of Technology. This is vital for sustainable development so that informed decision making can be done at all levels.

About the Training:

Data Science– An interdisciplinary field, data science deals with processes and systems that are used to extract knowledge or insights from large amounts of data. Data extracted can be either structured or unstructured. Data science is a continuation of data analysis fields like data mining, statistics, predictive analysis. A vast field, data science uses a lot of theories and techniques that are a part of other fields like information science, mathematics, statics, chemometrics and computer science. Some of the methods used in data science include probability models, machine learning, signal processing, data mining, statistical learning, database, data engineering, visualization, pattern recognition and learning, uncertainty modeling, computer programming among others. With advancements of so much of data, many aspects of data science are gaining immense importance, especially big data.

Data science is not restricted to big data, which in itself is a big field because big data solutions are more focused on organizing and preprocessing the data rather than analyzing the data. In addition, machine learning has enhanced the growth and importance of data science in the last few years. Data

has real value and every information extracted from it can make or break businesses. Analytics is the intersection of business and data science, offering new opportunities for a competitive advantage. It unlocks the predictive potential of data analysis to improve financial performance, strategic management, and operational efficiency. Data analytics can lead to valuable insights that can determine leads to increase sales, fraud detection, pattern recognition and risk prediction in various domains. As part of this initiative, a Faculty Development Programme (FDP) is conducted to focus on the fundamentals of data science with hands-on sessions on every topic handled using python.

Objectives of the Training:

- Train 2000 faculties
- Building networks of professional
- Sensitizing cyber security & Data Sciences to masses at large for strengthening cashless transactions.

Eligibility:

Faculty Members from Science and Technology, Humanities, Social Sciences, Commerce and Management discipline from Universities, Colleges, NITs, IIITs, Engineering Colleges and other Institutions of Higher Education.

As the number of participants is limited to 40, preference will be given on First Come First Serve basis.

Programme Schedule:

Dates: 23rd – 28th December 2019

Venue: Sinhgad College of Engineering, Department of computer Engineering, Pune-41

Day and Date	Course Contents
Day 1: Monday, 23/12/2019	Introduction to Python, Python Basics
Day 2: Tuesday, 24/12/2019	Python Hands-on
Day 3: Wednesday, 25/12/2019	Data Analytics using Python
Day 4: Thursday, 26/12/2019	Hands on session on Python and Machine Learning
Day 5: Friday, 27/12/2019	Hands on session on Machine Learning using Python
Day 6: Saturday, 28/12/2019	Hands on session on Machine Learning using Python, Examination and Evaluation

The eligible candidates will be given confirmation is available on web-portal and it will also be informed through email. All confirmed participants will have to submit a relieving letter from their institution on the first day of the training.

Laboratory assignments:

1. Introduction to Python.
2. Introduction to Machine Learning.

3. Importing data using python for analysis
4. Exploring data sets for analysis
5. Working with loops, metrics, data submission
6. Building Data-Frames, merging data-frames and visualization with data-frames
7. Data analytics using python
8. Matrices Preview, Building Your First Matrix
9. Dictionaries in Python
10. Matrix Operations
11. Explore & Define a ML use case
12. EDA and Feature Engineering
13. Working on Machine learning using python
14. Exploring your dataset
15. Importing data into Python
16. Filtering a Data Frame
17. Renaming Columns of a Data-frame
18. Exploratory Data Analysis
19. Univariate Analysis, Univariate Analysis 2
20. Simple & Multiple Linear Regression, Regression Demo
21. Simple Network Servers
22. Package Managers

Registration:

- Participants must register through online web-portal only.
- No need to send any printed documents to the Resource Center Shivaji University.
- Registration Link: <http://sangnaksuraksha.com>

Registration details:

- **Registration and participation is free of cost as program is sponsored by PMMMNMTT**

Instructions for the Participants:

- Attendance at all sessions is mandatory.
- Breakfast, Lunch and Tea will be provided.
- Accommodations are provided to outstation participants with minimum charges.

Important Note: This FDP under PMMMNMTT is applicable for CAS promotions as per UGC gazette.

Organizing Committee

Chief Patron

Hon. Dr. Devanand B. Shinde
Vice Chancellor

Prof. M. N. Navale
Founder President,

Shivaji University, Kolhapur, Maharashtra

Sinhgad Technical Education Society, Pune

Hon. Dr. D. T. Shirke
Pro-Vice Chancellor
Shivaji University, Kolhapur, Maharashtra

Dr. Mrs. Sunanda M. Navale
Founder Secretary,
Sinhgad Technical Education Society, Pune

Hon. Dr. V. D. Nanavadekar
Registrar, Shivaji University, Kolhapur,
Maharashtra

Mr. Rohit M. Navale
Vice President (HR),
Sinhgad Technical Education Society, Pune

Mrs. Rachana Navale-Ashtekar
Vice President (Admin),
Sinhgad Technical Education Society, Pune

Patron

Dr. S. D. Lokhande
Principal, SCOE, Pune.

Dr. Y. P. Reddy
Vice-Principal, SCOE, Pune

Principal Investigator

Dr. R. K. Kamat
IQAC Director
Director, Innovation, Incubation and Linkages
Head, Department of Computer Science
Shivaji University, Kolhapur

Co-Investigator

Dr. K.S. Oza
Assistant Professor,
Department of Computer Science,
Shivaji University, Kolhapur

Organizing Committee

Prof. M. P. Wankhade
Head and Associate Professor, Computer Engg.
Convener

Prof. G. G. Chiddarwar
Asst. Professor, Computer Engg.
Co-convener

Prof. J. B. Kulkarni
Asst. Professor, Computer Engg.
Coordinator

Members

Prof. Dr. J. R. Prasad	Prof. M. D. Sale
Prof. S. A. Joshi	Prof. A. S. Kalaskar
Prof. E. Jayanthi	Prof. P. N. Adhav
Prof. D. N. Patil	Prof. M. P. Diwakar
Prof. N. G. Bhojne	Prof. B. R. Ban
